The range will close when the Golf Shop closes. To get exact times of when the golf shop/driving range closes each day, please check our website, which is updated each morning with all that information under “Daily Course Status.” Visit www.coppervalleygolf.com to view this information.

Our closing time fluctuates because right now with COIVD we are not allowed to accept “day-of” or “walk-in” tee times. Because of this, once the last booked tee time of the day checks in we will close shop.
